### FIELD DAY OF COLUMBIA. RESULTS IN THE FORTY-SIXTH ANNUAL

PROSPECTS OF SUCCESS WITH PRINCETON-BIJUR INJURED IN THE 220-YARD HURDLE-THE

CONTESTS AND WINNERS. Columbia College students succeeded yesterday, after two postponements, in getting suitable weather for their forty-sixth annual field day. Unlumbia Atrietic Field by the students, as it was thought that they would furnish evidence from which an estimate might be gained of the probto be held next Saturday afternoon. If the Co phians were in good condition and were doing their best yesterday some people may think their chance of beating Princeton is small. The time in most cases was slow, although no better track or weather conditions could have been desired. Rup-pert, Fearing and Howard rode well in the bicycle pert, read will make that contest interesting next race, and will make that contest interesting next Saturday. Bijur and De Salazar also ran well in the hurdle races, but the former fell near the fin-ish of the 20-yard hurdle race and cut and scraped himself so badly that he will probably be laid up for the rest of the spring. Thus crippled the Columbia team will have to do some hard work to od showing. The summary of the con

One-hundred-yard dash-Won by H. G. Chatain; seconds.
W. De Salazar; third, W. Beekman. Time-10-3-5 seconds.
One-hundred-and-twenty-yard hurdle race-Won by S.
H. Ritur; second, R. Richards; third, T. Joseph. Time16-4-5 seconds.

Two-mile bicycle race-Won by J. Ruppert; second. H. L. Howard; third, W. Fearing. Time-5 min. 163-5

One-mile run-Won by J. H. Fuller; second, W. Light hipe. Time-4 mip. 53 2-5 sec. Two-hundred-and-twenty-yard hurdle race. Won by W. De Salazar; second, T. Joseph; third, S. H. Bijur, Time-27-2-5 seconds.

Eight-hundred-and-eighty-yard-run-Won by H. Kings-ley; second, A. L. Marvin; third, M. Arendt. Time-2 min Running high jump-Won by E. Burke; secon Young. Height, 7 feet 74 inches.

Putting sixteen-pound shot-Won by E. Beer; second W. Van Osterhart; third, R. Shipman. Distance, 33 fee Throwing sixteen-poind hammer-Won by T. A. Ball second, W. Van Osterhart, third, D. Knapp. Distance, St. feet 2% inches. Pole vault-Won by F. H. Bowman; second, O. Smith; third, K. L. Caswell. Height, 10 feet.

PRINCETON ATHLETES LOST

CALIFORNIANS TOO MUCH FOR THEM.

THE PACIFIC COAST TEAM WINS BY 61 TO 51 POINTS-A LARGE CROWD WITNESSES THE CONTEST.

Princeton, N. J., May 11 (Special).-The University of California defeated Princeton this afternoon in their first dual track athletic games by core of 67 to 51. With just a little more effort on the part of some of the Princeton representaresult would have been different. fornia, while not superior to Princeton in any result was in doubt until Brokaw and Geaver made

won by superior management and head-The games were hotly contested, and the such a poor showing in the 440-yard dash, the third event from the end, that the games were virtually lost for Princeton The meet draw a crowd of spectators fully three times as large as any track contests which have ever been held in Princeton, but after the poor showing made in the 440-yard dash the majority of the spectators left the field, having given up all

hope of Princeton winning. The meet was a sucnot show any Intercollegiate form in any of the events, excepting, perhaps, the 120-yard hurdle and the 440-yard dash. Captain Koch gave the best all-round performance, while Scoggins, Barnes, Bradley and Torrey gave creditable performances Edgren, the California hammer-thrower, of whom so much was expected, did not come anywhere near realizing the expectations. His throw of 113 feet will hardly give him a place in the Intercolle-giates. The 100-yard dash, the half-mile run, the 220-yard dash, the two-mile bicycle and the running high jump were all close struggles, while the 120-yard hurdle, the 220-yard hurdle, putting the shot and throwing the hammer were rather easy for California, and the mile walk, the mile run, the pole vault and the running broad jump were the same for Princeton. In the two-mile bicycle race Leiand and Parker, in their endeavors to "pocket" Mozier, tired each other out by an interchange of pace-setting, and were in no condition for the final spurt, and Mozier passed them easily. In the hurdle Dyer and Torrey will stand a good show of securing points in the Mott Haven games, as both of these hurdlers are very swift men.

The firsts counted five points and the seconds three. California secured eight firsts and seven seconds, while Princeton secured six firsts and seven seconds. ole vault and the running broad jump we

seconds. Write seven seconds. Following is a summary of the results:

One-hundred-yard dash-Won by Allen, Princeton; second. Scoggies, Chilfornia. Time-10 2-5 seconds. Half-mile run-Won by Bradley, California; second, Han-lon, Princeton, Time-2 min, 61-5 sec. 106. Frinceton. Time-2 min. 6.15 sec. One-hundred-and-twenty-yard hurdle—Won by Dyer, Callfornia, Second. Torrey, California. Time-16.1-5 seconds. One-mile walk—Won by McVitty, Princeton; second. Mervin, California. Time-1 min. 43.23 sec. Two-hundred-and-twenty-yard dash—Won by Dorr, Princeton; second. Seoggins, California. Time-22.2-5 seconds.

One-mile run-Won by Sterling, Princeton; second, Hall, Princeton, Time-4 min. 57.4-5 sec. Two-hundred-and-twenty-yard hurdle-Won by Torrey, California; second, Dyer, California, Time-26 3-5 seconds. Two-mile sicycle race-Won by Dezier, California; second, Leland, Princeton, Time-5 min, 41 3-5 sec. Four-hundred-and-forty-yard run-Won by Koch, Cali fornia; second, Barnes, California, Time-51 1-5 seconds itting the shot-Won by Koch, California; second, Running high jump-Won by Patierson, California cond. Koch, California, Height-5 feet 3 inches.

Running broad jump-Won by Rogers, Princeton; second. Garrett, Princeton. Distance-22 feet. Pale vault-Won by Tyler, Princeton, second, Trainer, Princeton; both by default. Height-10 feet 2 inches. Throwing the hammer-Won by Edgron, California; second, Riggs, Princeton, Distance-113 feet, Total points-California, 61, Princeton, 51.

MANY HARVARD GARSMEN ILL.

Boston, May 11.-Rowing in the Charles River is concerned. In the afternoon four men in the senior and freshmen crews were taken with what is said to be scarlet fever, and the boathouse was closed. Two of the Adams boys, and Seaver, of the freshmen, and Pierce, of the seniors, are the men afflicted. The majority of the 'varsity crew have is supposed that both maladies were due to the bad condition of the river. There is much disappoint-ment over the demoralized condition of rowing at Harvard this season.

JOHNS HOPKINS WINS AT LACROSSE. Baltimore, May 11 (Special).-The first game for the intercollegiate lacrosse championship was

TENNIS PLAYERS IN CENTRAL PARK. BEGINNING OF THE SEASON ON THE PUBLIC GROUNDS-THE TOURNAMENT AT NEW-

HAVEN-PLANS OF THE CLUBS. The public tennis courts in Central Park were opened for play yesterday morning, and great was opened for play yesterday morning, and great was the joy among those players who depend on Father Knickerbocker for grounds. Down on the lower courts the old guard of tennis players crowded around old John Sheridan, well known as the "Captain," and the veteran's arm was nearly pulled off with handshaking. The captain scoffed at the idea that tennis was becoming less popular, and pointed to a stack of 500 nets as evidence. Permits to play

According to several of the older tennis players an attempt will be made this year to interest the younger players in the annual championship tour-Some new men have appeared in the Park, and the new-comers propose to make things lively if the veterans will give them a chance at the prizes. The champion Fischer, who was on the courts early in the afternoon, said that, as he had won the challenge cup for good, he did not intend to compete again. He believed that the old-timers would follow his example, with perhaps a few exceptions. There are four graduates of Central Park is the "first twenty" of tennis players. If funds for a new challenge cup can be raised, a big entry list of young players is expected this season.

There will be an excellent entry list of crack tennis players for the New-England championship tournament at the New-Haven Lawn Tennis Club on May 28, and following days. The players from New-York and Brooklyn will be Larned, Howland, Stevens, and probably Parker, among the experts The second-raters expected are Paret, Cragin, Thur-ber, McMahon, John Hobart and McEnroe. Chace and Budlong are also expected to compete and Foote will defend the championship cup against the winner of the tournament. First and runner-up prizes have been offered in singles and a first prize

prizes have been offered in singles and a first prize in doubles, in addition to the New-England championship cup, which must be won three times to become the personal property of any player. The entrance fees are \$\frac{1}{2}\$ in singles and \$\frac{1}{4}\$ in doubles, and must accompany the entries, which are to be sent to N. A. Smyth. No. 28 Temple-st., New-Haven, on or before May 27.

Some interesting practice games have taken place on the St. George Cricket Club grounds in Hoboken, among Larned, Howland, V. G. Hall and R. Stevens. The groundsman, Smithson, is an excellent player, and practises with Stevens almost daily. Larned defeated Howland in a match, and Stevens downed V. G. Hall. Larned seems to be in the best of form at present, and is looked on as the winner of the New-England championship.

The Lenox Tennis Club, of Harlem, will begin a club handicap tournament on the point system next Saturday. The odds range from owe 24 to plus \$\frac{1}{2}\$. All five contests, men's singles and doubles, women's singles and doubles, and mixed doubles, will be played. The entrance fee is \$\frac{1}{2}\$.

The Columbia College tennis players have agreed to make their June tournament a handicap, and odds will be adjusted by Charles W. McMullen, \$\frac{1}{2}\$. Mines; Granville I. Barr, \$\frac{1}{2}\$6. Arts, and Stephen F. Thayer, \$\frac{1}{2}\$\$. Law.

PHILADELPHIA GUN CLUB'S VICTORY. RACQUET AND RITTENHOUSE CLUB TEAMS DE FEATED AT THE TRAPS.

Philadelphia, May 11.-The team from the Phila delphia Gun Club won a well-deserved victory to-day in their pigeon-shooting contest with teams from the Racquet and Rittenhouse clubs, on the Philadelphia club's grounds. The contest was for a sliver and gold bowl given by the three clubs, which must be defended by the winners. The teams present to-day were: Philadelphia Gun Club—E. K. Bispham, R. E. Tucker, Edward Handy and Charles Macaiester. The Racquet Club—H. Cartwright, Yale Dolan, Edgar Murphy and George Work. The Rittenhouse Club—H. H. Ellison, E. D. Toland, M. Bailey and J. B. Ellison.

Great interest centred in the match because of Philadelphia club's grounds. The contest was for a

Great interest centred in the match because of the presence on the Racquet team of Murphy and

the presence on the Racquet team of Murphy and Work, the New-York cracks, and their opposition by the equally famous veteran Philadelphia pair, Handy and Macalester.

All honor must be awarded to Murphy, who was in most brilliant form. He alone upheld the Racquet Club hopes, while his mate, Work, on whom it all depended at the finish, was clearly outshot by Macalester. The Philadelphia team won simply by steady, consistent shooting, their lowest man setting twenty. The conditions of the match were: Twenty-five birds each man, at thirty yards rise and fifty yards boundary. The birds were an especially decority lot. The score follows:

DUPONT SHOOTING TOURNAMENT. Cincinnati, May 11.-The Dupont shooting tourna ment ended yesterday, the success of the affair continuing until the last moment. In the fifty-bird con-test the "cracks" participated. Leroy, Fulford and Ralph Trimble tied for first money, each with a acore of forty-eight to his credit. Three tied at forty-five and six tied at forty-six.

HURRYING WORK ON THE DEFENDER. Bristol, R. I.. May 11.—Work is being rushed on the Defender, and everything possible will be done to have her ready for launching on June 1. Her plating is nearly completed, and it is thought that the laying of her deck will be begun within ten days. The Defender is finely plated, and if a smooth bottom counts, she will have an advantage in the saces. Her rigging is ready to be set up.

### American Specialty Co., Fifth Ave. Hotel.

NEWS OF THE YACHTS.

ALL HANDS IN A RUSH TO GET INTO COMMISSION.

WHERE THE BOATS ARE AND WHAT HAS BEEN DONE-LONG ISLAND YACHT RACING UNION RULES-INDIAN HARBOR CLUB

ANNOUNCEMENT. Yachtsmen are hustling nowadays. The little 21footers and the big schooners and steam yachts ar eing rapidly prepared to go into commission, and June 1 will see the Bay Ridge anchorage ass its "early season" appearance. The steamer Empress, N. Y. Y. C., F. A. Schermerhorn, went into mission on Friday at Whitestone, where she awaits her owner's orders A. L. Barber's handsome Sapphire is at Tebo's, South Brooklyn, having coating of anti-fouling paint put on her botton This speedy steamer will probably be put overboard to-morrow. F. C. Fowler's 120-foot steam yacht Huntress is at Seabury's yard, and will be launched in a short time, perhaps within two weeks. Jesse Metcalf, of Providence, has bought the Sylvia, a steam yacht built by the Seaburys in 1891. Sylvia is 80 feet long, and has recently undergoing repairs. A stateroom has been added and other work done below decks. A mahogany deckhouse adds to the yacht's appearance, and does not present that cumbersome appearance which to B. Higgins will have his 65-foot steamer Charlietta in commission by the middle of this week. The steam yacht Nereid Charles F. Adee, will go into at Seabury's yard for several years. She is now in the hands of the workmen and is being thoroughly overhauled above and below and from stem to stern. Cornelius Vanderbilt, jr.'s, 46-footer Ilderim will arrive here to-day and be fitted out for the summer. As soon as the smart craft is ready, she will go to New-Haven and join in the annual cruise

of the Yale Yacht Club.
Yachtsmen are now interested in a match which, it is hoped, will be made between George H. Saun-ders, of Bristol, R. I., who built the sloop Ellie for Commodore W. W. Hollingsworth, of the Atlantic City Yacht Club, and Charles F. Herreshoff, who City Yacht Club, and Charles F. Herresholi, and owns the yawl Alice. The Ellie is as yet untried, and her performance in the small single-sticker class will be watched with attention. Mr. Herreshoff now holds the Tilden and Thurber Challenge Cup, which he won three years ago in a regatta held in Bristol Harbor, and the builder of the Ellie is

after it with the boat he designed. after it with the boat he designed.

The Colonia, which is the "training-ship," so to speak, for the crew of the Defender, is at Bristol, with Captain Haff in charge. The men who will handle the Defender are all on board the Colonia, and will have every opportunity to study their new

'ship" and its peculiarities, "ship" and its peculiarities.

Charles Young, of Calais, Me., has purchased the steam yacht Nautilus. The yacht is at New-London, and will leave for Maine to-day. The Nautilus has a speed of only eight miles an hour, so her run will be a long one over the 500 miles she will have to cover. Theodore Hostetter has she will have to cover. Theodore Hostetter has sold his little steam yacht Judy to W. H. Watrous, of Hartford. The Judy is at New-London on her way to Hartford. With her new boiler, the Judy should gain a considerable increase in speed. Willard P. Ward's schooner Shamrock. N. Y. Y. C., was hauled out at New-London yesterday, and started for New-York. The sloop Barbara, N. Y. Y. C., Miles Standing owner, is being put in trim at New-London. From there she will go to Shelter W. Vanderbilt's handsome Conqueror will lay at anchor off her owner's new country place on the Anchor off her owner's new country place on the Hudson during the summer, but that she will visit Eastern waters cannot be doubted.

It is safe to predict that the America Cup races in September will attract about every yacht of prominence owned on the Eastern coast of the Inited States, and many from abroad. Ogden Goelet's White Ladye, A. J. Drexel's Margarita and James Gordon Bennett's Namouna are in foreign waters, but it was rumored yesterday that the first two mentioned would be here in September.

the first two mentioned would be here in Beptember.

The Yacht Racing Union of Long Island Sound has, through Frank Bowne Jones, secretary of the council of the union, sent to the chairmen of the regatta committees of the different clubs copies of the racing rules, time allowances, schedules of racing events for the season and the general rules of the Yacht Racing Union. The council is composed of Oliver E. Cromwell, Frederick E. Harnes, Stuyvesant Wainwright, Oscar H. Cheliborg, Le Grand L. Clark, E. Burton Hart and Mr. Jones. The rules, etc., mentioned are, briefly stated, as follows:

The rules, etc., mentioned are, briefly stated, as follows:

First—That all yachts be classified uniformly according to their racing length, open yachts sailing with fixed and with shiftable bailasts shall be classed separately, and crews shall be limited. A uniform time allowance table is to be used, and a uniform system of starting signals adopted.

In furtherance of the above resolutions, the Council of the Union, at a meeting held on April 23, adopted the following recommendations:

First—That the class limits be as follows: For schooners, Class 1, all over 25 feet; 35-foot class, all over 75 feet and not over 25 feet; 55-foot class, all over 75 feet and not over 85 feet; 55-foot class, all over 65 feet and not over 75 feet; 65-foot class, all over 65 feet and not over 75 feet; 65-foot class, all

The inroads may, however, he stayed if they are met at the start and combated with the Bitters. This fine and genial corrective also remedies malaria, dyspepsia, rheumatism, debility, nervousness and the infirmities incident to age. It hastens convalencence, and is promotive of sleep and assettia.

65 feet and under. For yachts of all other rigs, Class 1, all over 80 feet; 80-foot class, all over 70 feet and not over 80 feet; 80-foot class, all over 50 feet and not over 70 feet; 60-foot class, all over 50 feet and not over 70 feet; 50-foot class, all over 30 feet and not over 70 feet; 50-foot class, all over 30 feet and not over 42 feet; 30-foot class, all over 30 feet and not over 30 feet; 30-foot class, all over 20 feet and not over 30 feet; 20-foot class, all over 20 feet and not over 30 feet; 20-foot class, all over 20 feet and not over 20 feet; 20-foot class, all over 20 feet and not over 20 feet; 10-foot class, all over 15 feet and not over 20 feet; 10-foot class, all over 10 feet and not over 20 feet; 10-foot class, all over 10 feet and not over 20 feet; 10-foot class, all over 10 feet and not over 20 feet; 10-foot class, all over 20 feet or fraction thereof of racing length; 90-foot class, 12 men; 70-foot class, 13 men; 60-foot class, 15 men; 70-foot class, 18 men; 80-foot class, 15 men; 50-foot class, 10 men; 16-foot class, 2 men; 70-foot class, 10 men; 16-foot class, 2 men; 70-foot class, 3 men; 70-foot class,

will the speedy boats cease to chase the clusive silver mug.

A special meeting of the Indian Harbor Yacht Club, to act upon certain amendments to the constitution and racing rules, has been held at the Arena. No. 4i West Thirty-first-st. In the absence of the flag officers, the senior captain, F. B. Jones, presided, and Secretary G. W. Pfieffer recorded. The amendments to the constitution, giving the trustees power to suspend or expel members for non-payment of indebtedness; increasing the number of members of the Regatta Committee from three to five, and fixing the regular meeting to be held in January and July, were adopted.

The racing rules were amended to conform to the changes recommended by the Yacht Racing Union of Long Island Sound. A new rule was adopted that all yachts of forty-three feet R. L., except open yachts in shiftable ballast classes, be steered by an amateur.

Edward H. Burtis and Charles E. McManus were appointed members of the Regatta Committee.

It was announced that August 29 had been selected as the date for a race for rpecial classes of small yachts, and that the Tyson Cup would probably be offered for the tewty-foot racing length class (or one-raters), to be sailed for on July 1.

AILSA AND VALKYRIE III.

SOME OF THE FEATURES OF THE TWO YACHTS COMPARED.

BELIEF THAT THE FORMER WILL BE THE WIN-NER WHEN THEY MEET ON THE CLYDE-

London, May 11.-The beam of Lord Dunraven's new yacht Valkyrie III is from one to two feet less than that of the Allza. Her bow is not as handsome as that of the Britannia, but she has the advantage of a counter greatly overhung aft, and deadwoods forward and aft. She is cut away in a pronounced fashion. Her profile under water is like that of Mr. Walker's new forty-rater Caress which might be a twin-sister to the Carina, owned by Victor Montague. This form apparently rep-resents Watson's latest ideas upon the subject, and it certainly insures quickness in stays. Con-sidering her length, the Valkyrie III. will be much quicker in stays than the Britannia is. Her sai area will probably exceed by 1,000 feet that of the Ailsa. Her main boom is 110 feet in length. is fourteen feet longer than the Allsa's main boom but the Valkyrie's counter is so long and her mas is stepped so far forward that the main bo not project a great distance beyond her taffrail. The dual control of the new yacht by Captain Cranfield and Sycamore is universally condemned on the Clyde. The yachtsmen of the Clyde have confidence in Watson as a designer and in Lord

Dunraven as a sportsman, but have no faith it their selection of skippers. Captain Jay, they say has proved that he does not lack nerve. conditions he got the best out of the Ailsa When the latter vessel meets the Valkyrie III in

the Clyde she will have taken part in various regattas around the coast from the Thames, and her skipper and crew will have a big advantage. It will not be a matter of surprise to any one should she beat Lord Dunraven's new boat. The Britannia and Alisa will meet on May 17 and 18 on the Thames, where the new forty-raters Isoide and Caress, whose work possesses keen interest for yachtsmen, will also sail.

The Dakotah is being overhauled and put in shape for the Clyde regatta. A complete record of the to drop a plate in order to give an extra resistance of four or five feet, it will be found that the Defender has such an arrangement in order to meet the heavy Atlantic roll in light winds. A centre-board yacht had wiped out the Clyde yacht, and the same thing would occur again unless provision was made to increase suddenly the draught of the English boat from seventeen to about twenty feet. The Prince of Wales presided at the annual meeting of the Royal Yacht Squadron at Boodle's Clut this forenoon. The Prince walked to the club from Mariborough House. He was apparently in good health and spirits and pleasantly returned the greetings of the persons whom he passed on the way.

GOLF EXPERTS AT YONKERS.

The St. Andrews Golf Club, of Yonkers, opened its season yesterday afternoon at the links in Yon kers. The pleasant weather brought out a large number of members and a number of their womer friends, who watched the playing of the first month friends, who watched the playing of the first monthly club handicap with much interest. A. I. Livermore and Archibald Rogers were scratch men, while
L. B. Stoddart, the amateur champion, was put six
points and John B. Upham three points behind the
scratch. Among the other members who played
were the Rev. Dr. W. S. Rainsford, R. L. Cuthbert,
F. L. V. Hoppen, Walter E. Hodgmanfi John Reld.
Daniel Chauncey, H. W. Taft, William R. Innis,
J. C. Ten Eyck, R. H. Robertson, R. F. Cutting,
W. A. Putnam, Gerrit Smith, John A. Weckes, H.
Mortimer Brooks, Charles A. Barnes, B. S. Gernandia and H. E. Coe. The secretary, Mr. Tainadie, started in, but withdrew at the end of the
first round. The course was twice around the links,
eighteen holes, and the handicaps ranged from four
to twenty-one. The best scores of the day were
made by Messrs. Liverimore, Rogers, Brooks and
Dr. Rainsford, On Memorial Day the club handicap
for a silver pitcher, presented by Mr. Taimadge,
will take place.

THE MEMPHIS ENCAMPMENT.

BEGINNING OF THE INTERSTATE DRILL-SPON-SORS INTRODUCED TO THEIR COMPANIES. Memphis, Tenn., May 11.-The interstate drill and encampment began this afternoon at Montgomery Park under command of General H. B. Snowden. There are now fifteen companies in camp, including two troops of United States cavalry and two companies of United States infantry. This afternoon the sponsors were introduced to the companies, and

two troops of United States cavalry and two companies of United States infantry. This afternoon the sponsors were introduced to the companies, and there was a grand parade. A dozen more companies will arrive this evening. The contests proper between the various companies will begin Monday, General Schoffeld will arrive next week, and review the forces.

A feature of the encampment will be a competition drill under "Hardee's Tactics" between the uniformed companies of ex-Confederates.

Although the day was ushered in with a rainstorm of almost cyclonic violence, and the thermometer marked down so low that overcoats became a laxury, the Memphius Drill and Eacampment was opened under conditions that justify the expectations of the promoters that this would be the greatest military pageant the South has known since the war. The forces at Camp Schoffeld were reinforced during the day by the arrival of Companies H and E, of the 5th United States infantry, from Fort McPherson, under Colonei W. L. Kellogs, who assumed command of all the United States troops at this camp. There also arrived the following other companies of the National Guard. Thurston Rifles, of Omaha; McCarthy Light Guards, of Little Rock, Morton Cadets and National Fencibles, of Washington, D. C.; Sealy Rifles, of Galveston, Tex.; artillery detachment of the Omaha Guards; Fletcher Rifles, of Little Rock, and the Battery B, las Regiment, Cincinnati.

After noon, 5.00 people poured into the grandstand to witness the inaugural ceremonies. At 3 o'clock the exercises began, All the troops in Camp Militia were massed in the centre, flanked on the one side by United States cavalry. The lowa State Band furnished the music for this occasion. The militia formed in open columns, down each of which the sponsors of the companies drove in maids of honor. The sponsors, chosen from leading Southern families, are as follows:

National Fencibles, Miss Imagene Riowen, Yeteran Chickasaw Guards, Miss Imagene Riowen; Heisting Fencibles, Miss Imagean Rounded by their maids

DEATH OF WILLIAM H. CRANE'S MOTHER. Mary S. Crane, the mother of William H. Crane, the actor, died at her home in Auburndale, Mass., yesterday. She was eighty, years old. Her hus-

band, Amaziah Britto Crane, died several years ago. Mrs. Crane had been sick for several weeks. The actor is her only son, but she leaves two daughters. Mr. Crane will go to Auburndale to-day and the funeral will take place to-morrow. The Fifth Avenue Theatre, where Mr. Crane is playing, will be closed to-morrow evening.

ROCKLAND LAKE IN A FERMENT.

FISH DYING BY THOUSANDS-AN ALMOST UNBEAR-ABLE SMELL RISES FROM THE WATERS.

Thousands of fish are dying in Rockland Lake and during the present week several men have been employed in raking them out of the water and burying them. A few days ago a number of dead fish were found floating on the lake and attracted attention. The number rapidly increased. Mr. Mc-Ginnis, of the Land Improvement Company, at once took action to have the dead fish removed, and several Italians were employed to go over the lake with rakes and take them out, burying them in various places along the borders of the lake. The fish which suffered mostly were catfish and kenupers, which died by the thousands and caused an almost unbearable stench. They appeared to have some disease which caused them to fester, leaving white spots on the heads of the catfish. Very few dead pickerel were found, as the disease appeared to confine itself principally to the two species named.

named.

Various theories are expressed as to the cause of the fish dying. A few at first suggested that poison of some kind had been thrown late the lake. This, however, is not likely, and most of the people soon came to the conclusion that it was caused by the came to the conclusion that "working" of the lake. This usually occurs in August, without any bad results. But it is thought that the hot weather of the last few days has caused a premature change of conditions in the lake bed, and resulted in the death of the fish. The water of the lake yesterday was of a greenish hue, and it foamed and furned in places.

fumed in places.

A New-Yorker yesterday secured a boat and rowed out some distance, and began to fish. The stench soon became so strong that it made him sick. He kept at it, however, and secured a long string of fine pickerel, which he brought back to string of fine pickerel, which he brought back the city.

The water of Rockland Lake is naturally pure.

MME. HERRMANN GUILTY OF ASSAULT

JERSEY CITY POLICE JUSTICE UPHOLDS THE COMPLAINT OF AN OFFICER-SEN-TENCE SUSPENDED.

Mme. Adelaide Herrmann, wife of Professor Herrmann, who was arrested in Jersey City after the performance on Thursday night for assaulting Policeman Christopher Breune, was arrainged be-fore Police Justice Potts yesterday. The officer fore Police Justice Potts yesterday. The officer said that he had been told to look out for a man with a bundle who was "wanted" for a burgiary About 10:45, he had seen a man with a bundle and asked him what he had. Before the man could Answer a woman, who afterward proved to be Mme. Herrmann, had approached and said the man was her servant and the bundle belonged to her. was her servant and the bundle belonged to her. She had attempted to take the bundle from him, and when he declined to surrender it she had slapped him and scratched his face so that it bled. He had grasped her by the wrist to prevent any further assault and then taken the party to the poite station. He was corroborated by several newsboys and another officer named Cody.

Mme. Herrmann testified in her own behalf that when she told the officer that the bundle was her property the man seized her violently by the wrist and twisted her body around so suddenly that she was almost bent to the ground. She had then slapped his face, but had not scratched his face. If his face was citi, it was by one of the rings she wore, and was not done intentionally. He had held her wrist so tightly that she was compelled to scream, because of the pain she suffered. When her husband had stepped forward to tell the officer who they were the man had replied: "I don't care if you are Herrmann. You people can't run this town."

Mme. Herrmann was corroborated by her maid and the valet, and also by Edward Bloom, the agent for the company. Justice Potts decided that the officer was justified in what he did and that Mme. Herrmann was suity of technical assault, but sentence was suspended. Chief Murphy also sustains the officer.

Professor Herrmann yesterday submitted an affidavit were the same as related by Mrs. Herrmann in court. Chief of Police Murphy says no charges will be entertained against the policeman in the case. She had attempted to take the bundle from him

A PROPOSED SCHOLARSHIP FOR GIRLS. A meeting of the alumnae of the Veltin School, in West Seventy-fourth-st., was held at the home of Mrs. Bracher, No. 331 West Eighty-sixth-st., yes-

Mrs. Bracher, No. 331 West Eighty-sixth-st., yes-terday. Mrs. Bracher served an elaborate luncheon, the guest of honor being Miss Emily James Smith, the dean of Barnard College. Thirty-five pretty girls sat down to the lunch and afterward applauded Miss Smith's brief, but interesting, address. The object of the meeting was to discuss a proposition to found a scholarship to Barnard College, thus giving to poor girls fortunate enough to win it the op-portunity of a free education. The following offi-cers were elected: President, Miss Ida Bracher; secretary, Miss Laura McGregor; treasurer, Miss Alice Laidiaw. The president will form a committee shortly and call a meeting to consider ways and means.

Justice Steers, of the Flatbush Court, Brooklyn, yesterday disposed of the action brought against Frederick Holt by Charles E. Snevily, the broker and clubman, for assault upon Mrs. Snevily, treepass and malicious misculef. Holt was discharged, Kate Donovan, a servant, testified that after Holt called at the house in Mr. Snevily's absence, on April II, she heard a disturbance in Mrs. Snevily's room, and on examination it turned out to have been caused by a lot of brie-a-brac that had fallen. There were fingermarks on Mrs. Snevily's throat. Mrs. Snevily testified that the marks on her throat were made by her husband. She teatified that she and Holt had had a quarrel on the day mentioned on account of some papers of his which she had in her safe-deposit vault, and that he had smashed the brie-a-brac and she the pict-
